This was obviated later, when the death was ofscially announced, an ordinance being ficially announced, an ordinance being simultaneously issued and antedated, bestowing unusual honors, of these being advancement from junior to the first grade in the court rank.

No Change in Policy Toward Korea. Those closest to the throne say that the emperor is deeply affected by the assassination of the prince. He has asked for every detail and apparently is unable to understand why the murder was committed in view of the evident popularity of Prince Ito. But when informed of all the facts so far as then have been learned here, the emperor ordered that there must be no change in the policy toward Korea.

Assassin to Be Tried at Dairen. The emperor of Korea has cabled his sympathy to the emperor of Japan as well as to Princess Ito at Oiso.
The assassin probably will be tried at Dairen. Nine alleged accomplices have been arrested and it is believed that the investigation will show that the plot was hatched at Seoul. The Japanese authorities are determined to unearth the plot but the assassina-

What Hearst Will Do If Elected

WILL FIGHT TAMMANY FOR THE GOOD OF THE CITY.

ADDRESS AT CARNEGIE HALL

Some Facts About Hearst's Acceptance in 1906 of the Democratic Nomination for Governor Against Hughes.

New York, Oct. 27.—A drizzling rain fell in New York tonight, but despits the weather three mayorality candidates delivered collectively fifteen speeches. Otto T. Bannard, the republican nominee, led with nine curt, business-issue addresses in Harlem and The Bronx, William R. Hearst who is running independently, spoke at Carnegie ball, once in Harlem and once in the Bronx, and William J. Gaynor, running on the democratic ticket and backed by Tammany hall, spoke three times in Manhattan, including an address to Italian democrats, at Cooper Union and to Hebrew and German railies. Crowds greeted the speakers everywhere.

Hearst Attacks Tammany. The meeting which Hearst addressed at Carnegie hall was announced as a democratic mass meeting, and the editor, while niaking an attack on Tammany the principal part of his address, nevertheless emphasized that he was for all time a democrat, although an exponent of independence in politics. Incidentally Mr. Hearst disclosed some interesting facts concerning his acceptance of the democratic nomination for governor against Hughes in 1906.

"Three years ago I can for govern-or of the state of New York upon the independence party ticket," he said, "and the democratic party of the state of New York endorsed me seeming to see a true democracy in the candidate and platform of the independence party. I hesitated sixteen days before ac-cepting the democratic endorsement, but finally and foolishly accepted it."

Tammany Paid the Bills. This was the neglining of the end, the speaker continued in effect, as he outlined what purported to be his clashes with Charles F. Murphy, leader of Tammany hall, disagreements which he said, resulted in his refusal to be distated to by the leader and his uitimate defeat because Tammany cratched him. "I was slaughtened and sacrificed in New York city." he sald. "On every dead wall flamed a giant poster. How to Cut Hearst and Vote for Hughes. To every Tammany voter was sent a sample ballot. How to Cut Hearst and Vote for Hughes. For all this advertisement and infor-nuation. Tammany paid the bills."

Tammany Also Knifed Bryan. Leaving his own case. Hearst sought to draw a parallel in that of William J. Bryan, whom he said Tammany knifed in New York after endowing him at the democratic national connim at the democratic national con-yention. In this case also, he added. Tammany footed the bills for advertis-ing how to vote for Chanier as gov-ernor and Taft as president.
